

Search Tips for Canadian Web Catalog

T&B's Canadian Web Catalog offers you many ways to search for items of interest. The **Catalog Search** link will take you to our Main On-line Search page. The **Catalog Search** option provide you with 2 different ways to locate specific catalog data with a minimum of effort and time. There is also the **Catalog Navigation** option which is really interesting and easy to use.

Catalog Search Options

Go to the drop down search selection box in the top banner and enter search info box. Search button will enable you to quickly and easily find the information you are looking for. Whether you are looking for generic information or specific catalog item data, this is usually the best place to begin your search.

- * **Keyword Search**...this option allows you to enter any keyword terms to find any and all related items of interest. **You can also use this option for a known T&B catalog number.** Simply enter the keywords that you are looking for and then click on the SEARCH button. This option will allow you to view various search results, refine your search when necessary as well as allow you to "drill down" to specific catalog numbers based on relevant attributes you have selected.
- * **Catalog Number Search**...use this when you know the T&B catalog number (default search type is **Exact** but you can select **Contains** as an option). Simply enter the desired number and click on the SEARCH button to directly view specific catalog data. You do NOT have to enter dashes, slashes and spaces...simply enter the alphanumeric characters you are searching.

Catalog Navigation

The **Catalog Navigation** provides you access to the catalog search options like **Product Category** and **Brand** listings displayed under the **Filter Your Search**.

Note: This option currently ONLY supports catalog searches for

- * Boxes & Covers
- * Cable Ties - Fastening Systems
- * Conduit and Cable Fittings
- * Marrettes Wire Connectors
- * Mechanical, Compression, Grounding and Automatic Connectors
- * Meter sockets, Service Masts, Pole Line
- * Shrinkable Tubing and Insulation Products
- * Spring Steel Fasteners - Hangers & Clamps
- * Teck Cable Fittings
- * Terminals and Application Tools
- * Wire Management Systems

Eventually, all products will be viewable via this search option.

Search Capability

Thomas & Betts is greatly enhancing our web site's search capabilities. These changes are being made in conjunction with our on-line web catalog changes. Over the next few months, you should experience a much better search capability with a number of features that will make it easier to navigate our web site.

Global Catalog Information

Thomas & Betts is a global company with operations throughout the world. When searching for specific catalog items and brands, please search the relevant web site for that part of the world where the item is being sold. In particular, our European and U.S. web sites offer extensive catalog information for their customers using T&B products. While we often offer common brands and product lines, specific catalog numbers are frequently unique to a particular region of the world. Thank you for your interest in T&B products.
