

PRECAUTIONARY STATEMENTS:

Hazard statement: May cause skin irritation or allergic skin reaction, Causes serious eye damage. Harmful if inhaled. May cause damage to organs.

Danger

Prevention: Do not breathe dust fumes or vapors. Wash skin after handling. Do not eat drink or smoke while in use. Only use in well-ventilated areas. Wear appropriate personal protective equipment.

Response: IF ON SKIN: Wash with plenty of water. If skin irritation occurs: Get medical advice/ attention. Take off contaminated clothing and wash it before reuse. IF IN EYES: Rinse cautiously with water for several minutes. Remove contact lenses, if present and easy to do. Continue rinsing. If eye irritation persists: Get medical advice/attention.

Storage: Store locked up.

Disposal: Dispose in accordance with local regulations.

DIRECTIONS:

1. Area to be patched should be clean and dry.
2. Squeeze amount of material needed from tube onto area to be repaired. If needed, spread and level with putty knife.
3. Apply heat with heat gun, hot iron, etc., being careful not to overheat (500F max). Apply heat for 2 minutes minimum or at least 1 minute after the surface of the patch has turned glossy. (Material is a glossy liquid that turns flat with initial heat application, and then turns glossy again as heating continues).
4. Area can be allowed to air cool or a water quench may be used.
