

**PRODUCT SPECIFICATION SHEET**
**I T C**
**200A Repair Elbow Crimp Connector**
**02509XXX**

**02509XXX** bi-metallic connectors consist of a copper top section and a aluminum crimp barrel. Units are designed for use with **167/168ELR** and **273/274ELR** repair elbows on aluminum or copper conductors.

**Ordering Instruction:**

Using the table below, select a compression lug part number based on conductor size.

AWG or kcmil		mm <sup>2</sup> Compact Only	Lug Number
Stranded/ Compr.	Solid/ Compact		
--	4	16	02509190
4	3	22	02509200
3	2	30	02509210
2	1	35	02509220
1	1/0	50	02509230
1/0	2/0	70	02509240
2/0	3/0	--	02509250
3/0	4/0	95	02509260
4/0	250	125	02509270

The 02509XXX includes the following:

- 1 – connector                      02509XXX
- 1 – Crimp Chart                 CC-0060
